TAFTVILLE

Fred Lurette Arrested For, It is Understood, Improper Proposals—William Frisbie Died Suddenly—Other Notes.

Fred Lurette of Front street was arrested Tuesday morning by Officer John McGuire of Taftville and taken to the city police station. It is understood that the young man took Miss St. Germaine of Taftville for a ride Sunday evening in a horse and buggy and when on the Scotland road in the neighborhood of the schoolhouse he made improper proposals to her. The young woman spurned his suggestions, got out of the buggy and started to walk home as Lurette commanded her to do so. After wandering around for a number of hours she sought refuge at a farmhouse for the remainder of the night and returned to her home Monday morning.

The girl's parents made a fruitless search for her Sunday evening after she failed to appear at a late hour. They telephoned to a localivery stable to find out if the turnout had been returned, and when they found out that the team had been returned they took a lantern and searched along the Scotland road, without finding their daughter. When she got home the next morning she related her story, they complained to the authorities and the arrest of Lurette followed.

William Frisbie.
William Frisbie of Lisbon died suddenly Monday evening about 11 o'clock at the home of Charles Bondi. Death came due to heart disease. He leaves two sons and a daughter.

Secor Club Meeting.
Monday evening the regular soccer football team held their regular meeting at their headquarters in the Lincoln club and transacted much important business. The members of the club were present and presided at the meeting. Secretary Pearson has not yet received any word from Ansonia in regard to their playing here Saturday and announces that if they do not receive any word by today, Friday, the 26th, that the team will be notified the local men or the game will be forfeited. The general opinion of many fans is that Ansonia is a little afraid of the strong local team and is going down to defeat. It has been rumored that the Plainfield team has considerable more strength and that if they play Saturday the local men will have a stiff match. Several of Sterling's best players have already signed with Plainfield and will appear at the first time in their lineup Saturday.

Everready Club Plays Saturday.
The Plainfield Everready football team meets to play Plainfield Saturday afternoon on the Plainfield grounds. The team hasn't been beaten since they were organized. The record of the team is 2 to 1, before a fair sized crowd of 200.

KEEP LOOKING YOUNG
It's Easy—If You Know Dr. Edwards' Olive Tablets.

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a yellow complexion—dark rings under your eyes—your face will be in your face—dull eyes with no sparkle.

Your doctor will tell you ninety percent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, has found that the compound made with olive oil to act on the liver and bowels, which he gave to his patients, was the best.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action, yet always effective.

They bring about that exuberance of spirit that natural buoyancy which should be enjoyed by everyone, by toning up and clearing the system of impurities.

You will know Dr. Edwards' Olive Tablets by their olive color, 100 and 500 tablets each, 25c. per box.

Eating When Others Are Through

Is Not Gluttony, But Stuart's Dyspepsia Tablets Will Enable You to Have Such An Appetite.

In these days of high pressure most men and women eat very little and a good old fashioned eater sits at table after all have left it.

The best way to get such an appetite is the Stuart way—the natural way.

Landlady: "Ever since Jones took Stuart's Dyspepsia Tablets I've lost money on him."

If your stomach can not digest your food, what will? Where's the relief? The answer is Stuart's Dyspepsia Tablets, because, as all stomach troubles arise from indigestion and because one ingredient of Stuart's Dyspepsia Tablets is able to thoroughly and completely digest 3,000 grains of food, doesn't it stand to reason that these tablets are going to digest all the food and whatever food you put into your stomach?

Just carry one of these little tablets in your purse or pocket. After every meal, no matter when eaten, you have always at hand the assistance that nature will relish and thrive upon.

In this manner one may eat all manner of food, attend late dinners, etc., and feel no serious results afterwards.

Thousands of travelers always have a box of Stuart's Dyspepsia Tablets in their grips and are thus enabled to eat unaccustomed meals at any and all times.

Stuart's Dyspepsia Tablets are carefully made to supply every element lacking in a system afflicted with dyspepsia, indigestion, gastritis, stomach trouble, etc., and to aid healthy systems to digest difficult food at unseasonable hours.

A small sample package of Stuart's Dyspepsia Tablets will be mailed free to anyone who will address F. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich.

Heat Your House With Gas By Using a

Gasteam Radiator

Each radiator is a steam heater in itself. It is safe, sanitary and economical. It is shut off automatically and no ashes to carry out, and it does away with an endless amount of dust and dirt.

It maintains an even temperature and the gas flow is shut off automatically when the desired steam pressure is reached, thereby preventing waste of gas.
